COMPLETE CONSTRUCTION SOLUTIONS

## Empowering dreams through constructive solutions!

Infrastructure development is the key to a prolific growth in the economic framework of a nation. Several factors contribute to this – use of top-notch technology, innovative ideas, out-of-the-box strategies; but perhaps the most important would be the presence of trained and skilled personnel. Especially in highly technical sectors such as construction, skilled personnel are pivotal to the successful accomplishment of various tasks.

That is where Horeitia Global has proved its worth and strength. One of the foremost project execution companies based in Qatar, Horeitia Global has been in the forefront of delivering quality support solutions to cater to the rising requirements of the construction sector in the region. Offering services across various aspects of civil construction, MEP work and other support services, Horeitia Global has in its kit highly trained and experienced personnel who fit neatly in to the needs of a variety of categories.

## Horeitia Global – a brief.

The success story of Horeitia Global isn't one that runs to many thousand pages. It's in fact a compact, easy-to-read, well-guided and quick leap; an epic-of-a-tale that saw the company rise from a mid-sized firm to a predominant player in the market place.

Founded in the year of 2008 by a group of experienced entrepreneurs, Horeitia Global, through calculated and creative business strategies, grew leaps and bounds in to the top list of project execution companies in the sector in a short span of time. Today, the company employs about 3600 highly skilled personnel who are specialised in all aspects of civil construction, MEP work and other support services. We've been instrumental in fulfilling the expectations our clients, stakeholders and engineers, with an assurance of timely delivery and workmanship of the highest standards.

Horeitia Global has a proven track record of putting in 900,000 man hours per month for various projects. Executing successful projects across various engineering sectors in numerous locations across Qatar, Horeitia Global has become a name synonymous with trust and efficiency.

## Keeping Qatar's sky-scape high

Most of the projects taken up by Horeitia Global have been based in and around Qatar. Contributing a great deal to the infrastructure development of the country, Horeitia Global has been a part of various projects that has kept the sky-scape of Qatar tall and imposing. Thus, we have grown on to become one of the major players in the civil construction industry in the country.

As a knowledgeable advisor, we help our clients to comply with all applicable laws and regulations to minimize risk.
